Youth Jailed For Kissing Girl In Public

WAYNESBORO, Pa. (AP)—A teen-ager charged with kissing his girl on a public street began serving a 15-day jail sentence today.

Justice of the Peace J. Edgar Oller said the youth was convicted in this court of disorderly conduct. Unable to pay a \$5 fine and \$9 costs, he was ordered to jail for 15 days.

City police said the youth had received three warnings. When complaints came in from the same neighborhood Wednesday night, the young man was arrested. His 16-year-old girl friend was turned over to the custody of her parents, police said.

NEW FAIRFIELD SCHOOL GOES IN USE TODAY

All of the 725 public school pupils in the Fairfield Joint School District were housed in one building today for the first time in history.

The elementary school in Fairfield, which had handled about 200 pupils including 45 in the kindergarten, was closed Wednesday and last Friday was moving day for the 61 Fourth Graders at the Orrtanna School.

Near-completion of the addition to the Fairfield Joint School made possible the consolidation. Only the kitchen and cafeteria and a few storage rooms were not yet finished and all of the new section may be ready by next week, according to Supervising Principal Harold Blair.

DEDICATION IN MAY

H. James Justice and Miss Gladys Walter were the teachers at the two-room Orrtanna School. Miss Walter, who had taught there for 35 years, admitted to "a note of sadness" as she closed the schoolhouse door for the last time and boarded a bus with her 30 pupils for Fairfield.

Principal Blair said the new school structure will be dedicated in May. He said May 10 is the tentative date for the exercises.

The O. H. Hostetter Construction Company of Hanover was the general contractor for the new section and Buchart Engineers, York, were the architects.

YWCA BOARD HAS SESSION ON TUESDAY

The board of directors of the YWCA, at a meeting Wednesday afternoon postponed from Monday evening, confirmed the executive committee's appointment of Mrs. William S. Ayre, Long Lane. She will serve as chairman of the program committee of the board, a position made vacant when Mrs. Harold Westover was moved to chairman of the Y-Teen committee.

Mrs. Roy H. Hammond, personnel chairman, presented the resignation of Mrs. Donald Harper as Y-Teen co-ordinator, due to the pressure of other duties. The board approved the employment of Miss Patricia Beltz, a Junior at Gettysburg College, in this position. Miss Beltz has had some experience in youth work and has been working as an advisor to one of the Y-Teen groups.

Mrs. Fred J. Neal, executive secretary, requested that materials for the Y-Wire be given her by January 20.

REDUCE PLEDGE

Mrs. Edward J. Nowicki Jr., finance chairman, presented her report and the report of the treasurer, Miss Margaret Sanders. Upon the recommendation of her committee the board voted to reduce the pledge to the National YWCA by \$100 due to the reduction in the amount to be received from the Community Chest this year.

The grant was one of 64 selected from among 280 applications. The program this year was made possible by the following companies and corporation foundations: McGraw-Hill Publishing Company; Micro Photo Division of Bell and Howell Company; National Biscuit Company Foundation; Olin Matheson Chemical Corporation; Pitney-Bowes, Inc.; Remington Rand Division of the Sperry Rand Corporation; Time, Inc.; United States Steel Foundation, Inc.; and the H. W. Wilson Foundation, Inc.

The ACRL grants program was initiated in 1955 with a grant of \$30,000 from the U.S. Steel Foundation. The program, directed to the general needs of all colleges and universities, is designed for improving the quality of library service to higher education through fundamental research in librarianship and otherwise aiding in the best use of the most modern teaching and learning materials.

The Gettysburg College Library grant will be used for books and scores in music education.

WILL IS PROBATED

The will of Ray J. Spangler, late of Hamilton Twp., has been probated in the office of the register and recorder and names Mrs. Annie M. Spangler as executrix.

AILING NEHRU URGED TO DROP MANY DUTIES

NEW DELHI (AP) — Prime Minister Nehru, sitting sick in the morning sun, began today to see signs of public pressure for him to relinquish permanently many of his duties.

For the first time Indian newspapers spoke of a growing feeling in Nehru's Congress party that the ailing prime minister should make clear arrangements for the Indian government to be carried on without him.

Reports centered on the possibility of former Home Minister Lal Bahadur Shastri returning to the Cabinet as leader of the Congress party in Parliament. It would be a key job clearly marking Shastri as the most likely successor to Nehru.

Usually reliable sources said earlier that Nehru was being shielded from politics by his daughter, Mrs. Indira Ghandi, in an effort to protect him from excitement. But he has been reading newspapers.

The statesman in a front-page story said Congress party leaders have sent messages to Nehru urging him to lighten his load.

LAWYERS HOST PARAGUAYANS

The Adams County Bar Association today entertained six lawyers from Paraguay at a luncheon in the Hotel Gettysburg, after which they toured the Battlefield with Dr. Frederick E. Tilberg, park historian.

The Paraguayan lawyers have been visiting in Washington, D. C., as part of the Cultural Exchange Program of the State Department. They arrived in York Wednesday night where they were overnight guests of York County attorneys and this morning attended a meeting of the York County Commissioners and toured the courthouse. They will continue to New York City on Friday.

In the party are Antonio Arquimedes Leconich, former Supreme Court, Appeals Court and Civil Court Judge; Oscar Guido Vallejo, legal advisor with the Ministry of Education and Worship; Horacio Gabriel Lebron, former civil court judge and professor of law and social sciences at the National University of Asuncion; Arnaldo A. Rojas Sanchez, judicial magistrate and former secretary general of the School of Veterinary and Agronomical Science; Efrain Dario Centurion, professor of penal procedures of the Asuncion School of Police, and Jose Eminio Gorostiaga, professor of criminology at the National University and former secretary of the Criminal Court of First Instance.

LEFT ESTATE OF \$660,000

WHITE PLAINS, N. Y. (AP) — Michael Rockefeller, who disappeared while studying primitive culture in New Guinea two years ago, left an estate worth \$660,000.

This was stated in an affidavit by his father, Gov. Nelson A. Rockefeller in a Surrogate's Court action begun this week to have young Rockefeller legally declared dead.

The governor, with the consent of his divorced first wife, Mary Clark Rockefeller, initiated the proceeding, and asked that John E. Lockwood, a lawyer who lives in suburban Bedford, be named administrator.

Michael Rockefeller, 22, disappeared off the jungles of New Guinea Nov. 19, 1961, when he tried to swim two miles to shore from a disabled native boat. He was on an expedition to collect primitive art and culture in an area described as one of the wildest in the world.

The governor's affidavit said Michael left no will. By law, his estate thus would go to his parents, unless they waived their claim, in which case it would be assigned to his brothers and sisters, lawyers said.

LBJ GREETS CUP CHAMPS

WASHINGTON (AP) — President Johnson welcomed the Davis Cup back to the United States, gave the tennis players who won it a grand tour of the White House and learned he has a tennis court in the back yard.

With the large, 63-year-old silver trophy gleaming on a table in the Cabinet room, Johnson told the young men Wednesday their victory proved they have "the desire for the pursuit of excellence."

On hand for the ceremony were Chuck McKinley and his wife, Dennis Ralston. Marty Riessen, nonplaying captain Bob Kelleher and his son Jeff, and Edward A. Turville, president of the U.S. Lawn Tennis Association.

LANCASTER LIVESTOCK LANCASTER, Pa. (AP) — (USDA) — Cattle 25; cutter and utility cows 12.50-15.00. Calves 25; not enough to establish market. Hogs 25; barrows and gilts 17.25-17.50 steady. Sheep, nothing to offer.

Engagements

The Men of Christ Lutheran Church are sponsoring a public meeting at the church this evening at 7 o'clock. Dr. Warren A. Quanbeck, visiting professor of systematic theology at the Lutheran Seminary, will speak on his experiences as one of the 60 observers who attended the recent sessions of the Ecumenical Council at Rome.

The Hannah Circle of St. James Lutheran Church will meet at the home of Miss Margaret Howard, E. High St., Friday evening at 7:30 o'clock.

The Mary Gettys Rebekah Lodge will not meet this evening. Next Thursday evening at 6:30 o'clock they will have a covered dish supper and roll call meeting. Meat will be furnished by the lodge and members are asked to bring their own table service. Each member will be asked to contribute some entertainment to the program.

Miss Mary Bonner, a guest at the Gilliland Presbyterian Home, Baltimore St., celebrated her 97th birthday anniversary Wednesday. Miss Bonner, who worked for the Waterman Pen Co., New York, and in later years at the G. W. Weaver Department Store here, is enjoying good health. She received many gifts and cards.

John H. Scott, assistant manager of the Yorktowne Hotel, York, has resigned his position there and has accepted the position of manager of the Hotel Borger, Borger, Tex. He visited his mother, Mrs. Hugh Scott, Knoxlyn, for several days on his way south.

The Martha Circle of St. James Lutheran Church, whose meeting was canceled due to the inclement weather, will meet Monday evening at 7:30 o'clock in the Maude Miller room. The Martha and Hannah Circle will conduct services at the Adams County Home Sunday.

At a meeting of the VFW Auxiliary Wednesday evening Ruth M. Miller and Mrs. Erma Keefer were appointed as representatives to the Adams County Home Auxiliary. The door prize was won by Mrs. Helen Rebert an dthe pig-in-the-poke by Mrs. Beulah Flinn. The auxiliary is planning to have a cancer film shown at their meeting Feb. 19. Twelve members attended. Refreshments were served by Mrs. Flinn and Wanita Powell.

Mrs. Erney L. Myers, 308 N. Stratton St., is a patient in the Harrisburg Hospital where she underwent surgery Tuesday. Her condition is described as good.

RETRIAL OF LILLIAN REIS BEGINS TODAY

POTTSVILLE, Pa. (AP) — A strange 1959 burglary in this anthracite mining community of Eastern Pennsylvania swung into public view again today as the re-trial of Lillian Reis was scheduled to start in Schuylkill County courthouse.

Miss Reis, an attractive one-time dancer and former Philadelphia night club owner, is charged with conspiracy and accused by the Commonwealth of masterminding the burglary of the home of coal company owner John B. Rich. Her first trial ended Oct. 18, 1961, in a hung jury. Three men have been convicted of the burglary and are free on bail pending appeals.

There are some unusual angles and ramifications in the case.

TWO MEN KILLED

Rich testified his loss amounted to about \$20,000 in cash and jewels when his home was bur-

Sketches

"HOMeward BOUND"

All things go winging homeward . . . when it is eventide . . . and I am no exception . . . I seek my fireside . . . so many times throughout the day . . . my thoughts are far away . . . I think of that dear humble place . . . where love and laughter stay . . . how wonderful it is to know . . . that someone waits for me . . . with a smile, a tender word . . . and hope in things to be . . . a man's home is his castle . . . this saying is so true . . . I, for one, see paradise . . . when mine comes into view . . . it matters not how rough the way . . . or how hard I have to run . . . you'll always find me homeward bound . . . after the day is done.

Already convicted of the burglary are Robert Poulsen, John C. Berkery and Ralph Staino Jr., Philadelphia area residents.

BEATEN AND STABBED

In August, 1960, two nurses found Poulsen in the parking lot of a Camden, N.J. hospital, beaten, stabbed and shot in the back. He has not publicly named his assailant.

Another man, Clyde L. Miller, a former Pottsville resident, is still awaiting trial.

At her first trial, the Commonwealth tried to prove that Miller told Miss Reis of the money in Rich's house and that she hired Vincent Blaney, Berkery and Poulsen to do the job and sent Staino, a friend, along to protect her interests. She has denied the allegations.

EX-CHORUS GIRL

glarized while he was vacationing in Europe in August, 1959. Policemen testifying at earlier trials, however, said the loot amounted to about \$475,000.

Two men connected with the

Miss Reis, a divorcee and the

mother of two girls, once danced in the chorus line of the Celebrity Room, a center-city Philadelphia night club she bought.

Local and state officials have brought Pennsylvania liquor code charges against her and the club, trying to close it. Miss Reis has recently danced in New Jersey night clubs.

The re-trial had been sched-

McSherrystown

McSHERRYSTOWN — A record hop sponsored by the K of C Youth committee will be held at the Knights of Columbus home, Main St., Friday from 8 to 11 p.m.

Banns of marriage were pub-

lished for the first time Sunday in the Annunciation of the Blessed Virgin Mary Church with Duane Rumsey elected as Cubmaster, with Michael Brady and Thomas Conrad assistants. Ira Brown was elected committee chairman; Francis Redding, institutional representative; Paul Lawrence, treasurer; Mrs. Anna K. Brady, secretary and publicity chairman.

The annual Blue and Gold ban-

quet will be held Sunday at the McSherrystown fire hall. The an-

nual merit badge and handicraft show Feb. 7-8 at the Clearview Shopping Center will again have

the participation of the pack.

The Rev. William Haviland, chaplain, explained the procedure required to achieve the Parvul Dei award, a recognition by the church for advancement in religious knowledge and spiritual formation.

The pack meeting was set for

January 30, due to other parish

activities, and the Cub Scout investiture service was scheduled February 9 at the church. The next committee meeting will be held February 4 at the home of

Thomas Conrad, 202 Main St.,

McSherrystown.

Mrs. Vivian Swope and Mrs.

Dorothy Sheely were named den

mothers for Den 2. Mrs. Patricia

Brady, den mother of that unit

for the last three years, has re-

tired.

Fatality Rate On Pa. Turnpike Drops

HARRISBURG (AP) — The fatality rate on the Pennsylvania Turnpike dropped to a record low last year although traffic on the 470-mile toll road reached a record high.

Figures released by the Turnpike commission Wednesday, showed 36,808,898 vehicles traveled on the toll road, an increase of 1,978,363 over the previous year.

The fatality rate, however, dropped to 2.6 per 100 million miles, compared with the previous low of 3.0 set in 1960 when 31,698,876 vehicles traveled on the Turnpike.

STRIKE SETTLED

PHILADELPHIA (AP) — A settlement was reached Wednesday in the 11-week-old strike against the American Dredging Co., as a union steward was arrested for allegedly accepting a bribe to influence a return-to-work vote, police said.

Frank Markiewicz, 36, of Pennsauken, N.J., a steward of

the operating engineers union, was arrested when, police said, he accepted \$2,000 in marked bills from Maylin H. Greaser, president of the company.

ITALY AGAINST DOMINATION OF W. EUROPEANS

Fisher Denies He's Holding Up Divorce

NEW YORK (AP) — Singer Eddie Fisher denies he is holding up the divorce sought by his wife, actress Elizabeth Taylor, by demanding a large financial settlement.

The singer, appearing in Las Vegas, issued this statement Wednesday night through his New York attorney, Louis Nizer:

"Any story that I have asked for a cent of Elizabeth's property is no more true than that she has asked for mine. It is as false as her charge that I 'abandoned' her."

"I do not wish to remain married to her financially any more than any other way."

their country's obligation to participate in the preliminary talks held simultaneously in Paris and in Washington between countries interested in creating a Polaris - equipped surface fleet manned by multi-national crews. But the two Italians also made clear that they could not go beyond this to commit their country irrevocably to participating in the fleet itself.

TWENTY YEARS AGO

Miss Eicholtz Gets Bank Job:

Miss Edna Eicholtz, North Stratton street, this morning completed 25 years of work at the Adams county court house. On Monday she will begin work at the Gettysburg National Bank.

During her quarter of a century service at the court house, Miss Eicholtz has served in only two offices, the register and recorder's office and the prothonotary's office.

She began work there 25 years ago as deputy register and recorder under the recordship of the late Charles Gardner, working under him for one year. The next four years she served as deputy register and recorder under Horace E. Smiley and then for eight years in a similar post under the late Charles J. Taughnbaugh. She served as deputy register and recorder during the four-year terms of the late Robert Fisher and Quintin D. Rebert and then assisted in the register and recorder's office from January to May, 1940, under Winfield G. Horner before moving to the post of deputy prothonotary in May, 1940, under Lee M. Hartman. When Mr. Hartman was called into the armed services some months ago, Miss Eicholtz continued in full charge of the prothonotary's office.

She formerly was vice chairman of the Democratic party in the county for many years.

Council To Teach School In Costa Rica: Mrs. Paul Group, 328 North Stratton street, a teacher in Berwick township until 1931, has been appointed substitute teacher for Moritz school, Freedom township, to fill the vacancy caused by the leave of absence given the regular teacher, Mrs. Dorothy E. Spriggs, Gettysburg R. 2, who has been teaching in the county since 1939.

Mrs. Spriggs was granted a leave by the Freedom township board in order to conduct a school in Costa Rica where she will teach children of American workers on the Pan-American highway and will also conduct English classes for the children of native workers on the highway.

Mrs. Ralph Baker, Seminary avenue, has resigned her post as teacher in White Run school, Mt. Joy township, because of ill health, the office of the county superintendent of schools also announced. Mrs. Elmer Schriner, Oak Ridge, is acting as a substitute teacher at White Run until a new teacher can be secured.

Bigler Students To Present Play: A farce in three acts, "Professor How Could You?" by Anna Coulter Marteus, will be presented by Biglerville high school students Thursday evening, January 20, at 8 o'clock under the direction of Mrs. Henry Lower. This is second of four plays which will be presented during the year.

The cast includes: Richard Starner, Martha Hollabaugh, Anna Orner, Dale Stock, Ted Slaybaugh, Pauline Herring, Mae Foulk, Robert Brough, Eutha Breighner, David Pitzer, Audrey Gochenour, Paul Koontz and Boyd Bream.

Paul E. Sanders Enters Air Center: Paul E. Sanders, 22, son of Mr. and Mrs. John E. Sanders, of Gettysburg, has entered the Nashville Army Air Center where he will take physical and psychological examinations to determine for which branch of airmen service, bombardier, navigator or pilot. He is best fitted. Physical training, academic study and military drill are also part of cadet training at the center.

This is the first step in a training program that will even-

Today's Talk

DARE TO LOVE

Every altruistic-minded person keeps forever before him the ideal of a world in which wars shall have no part. Apparently, however, human nature is far from that coveted goal. Material progress has been rapid. The world's millions have been too busy to substitute love and consideration for one's nearest neighbors as the uppermost joy in life.

Transferring this thought from the individual to the nations of the world, if they would only dare one another to love, what a changed world we would have!

Bacon once said that "religion is the spice which is meant to keep life from corruption." And since love is the core of all religion, its application becomes the starting point toward all efforts for a better and safer world.

Love wipes out so much, in fact it is the one sure and certain medicine that guarantees full and lasting spiritual health — and, in fact, bodily health as well. Like the little candle "in a naughty world," its beams go far.

Love brings about selflessness and clears worry from the mind as does a good broom the cobwebs from an idle room. It streams the building rays of light into all human activity. It banishes fear from the heart and steadies the mind for any attack upon the intricate problems of life.

We boast of our courage in almost every endeavor of everyday life, yet we shrink at daring to love! As though it were a weakness instead of the most potent weapon that we possess.

Said Amiel, in his famous Journal, "He who floats with the current, who does not guide himself according to higher principles, who has no ideal, no convictions — such a man is a mere article of the world's furniture — a thing moved, instead of a living and moving being — an echo, not a voice."

Love is a voice — than which none has so potent an effect upon the affairs of mankind.

It is this love which binds the family and which reaches with its helping hand to all the endless agencies for human need. Why not, then, dare to love?

Just Folks

UNTUTORED

He could not spell iconoclast, I think the word he never knew. The tenses present, future, past He knew not as grammarians do.

Men often smiled to hear his speech.

Though words are but the garb of thought.

We strive always the mind to teach,

But often leave the heart untaught.

But never did they smile in scorn To whom he went with help and cheer, The poor, the troubled and forlorn Rejoiced to have him standing near.

What mattered tangled verb and noun?

No selfish act his friendship marred,

This was the jewel of his crown: Pride could not make his nature hard.

Who builds his fame on perfect speech

The rules of grammar sorely needs,

But there's no eloquence can reach

The eloquence of generous deeds.

Littlestown News
JAYCEES TO GET AWARD AT BANQUET

The second Littlestown Jaycees week banquet program will be held at 7 p.m. on Saturday in the Starlite Room, Dutterer's Restaurant. State President Richard Merk, Williamsport, will be the keynote speaker.

State Vice President Robert Gordon, York, will be in attendance and will present a community development award to the chapter. The toastmaster for the

chapter is Donald Becker, Gettysburg, immediate past state president.

Mayor Earl L. Sites, Borough Council President Howard O. Myers, presidents or representatives of the Chamber of Commerce, Rotary, Lions, Junior Woman's Club, Community Club and their guests, Jaycees and their guests, will be present.

GORDON VISITS

State Vice President Gordon, a native of Littlestown, paid his second official visit to the Junior Chamber of Commerce at the first January meeting held on Tuesday evening in the chapter room at the Community Center.

Gordon commended the chapter on its activities and progressive accomplishments.

There was a discussion on the mink stole project tentatively scheduled for February. Paul F. Boller Jr. and Clyde W. Crouse are cochairmen in charge of the event.

A further discussion and report on the project will be heard at the January 26 meeting.

Paul Boller was appointed delegate and Kenneth Ogg, alternate, to the Littlestown Community Center group meeting next Thursday.

The chapter made tentative plans to enter a float in the Jaycees state convention parade in York in May. William T. Heyser was welcomed as a new member.

A report on the Christmas activities revealed that 400 children visited Santa's Shanty during the holiday season and received candy from Santa, courtesy of the Jaycees, and pins from the Chamber of Commerce. Christmas trees were sold as a fund raising project and a community holiday lighting and decorating contest was sponsored by the chapter.

President Richard Selby, who presided, announced the appointment of the following nominating committee: Paul Boller, chairman, Clyde Crouse, Albert J. Bair and Wilmer F. Dutterer. This committee will present a slate in February, election will follow in March and installation in April.

The next regular meeting will be held on Tuesday, Jan. 26, at 8 p.m. at the Community Center.

BOARD TO MEET

The Joint Board of Education of the Littlestown Joint School System will hold its January meeting at 7:30 p.m. on Monday at the high school. The individual board sessions will follow. The meeting was postponed from Tuesday due to the weather.

TO HOLD PARTY

A public party will be held by the ladies auxiliary of the Fraternal Order of Eagles, Littlestown Aerie No. 226, at 8 p.m. on Friday in the social room of the FOR Home, W. King St.

Gaeckler's Last Second Goal Gives Bullets 66-64 Victory Over Dickinson

A corner push shot by Roger Gaeckler as the buzzer sounded gave the Gettysburg College basketball team a thrilling 66-64 win over an aggressive Dickinson squad Wednesday evening at Carlisle before a capacity crowd.

Trailing 64-62 with exactly two minutes remaining in the game, the Bullets concentrated on the one good shot. At the 1:42 mark George Strouse came through to knot the count. Moments later, Dickinson lost possession under its basket and Gettysburg was once again in charge. Following a timeout, the Red Devils put a tight defense around Strouse and Kepner. At the three-second mark, Strouse fired a pass to Gaeckler open in the right corner. The 6'5" forward then cut loose with his easy pusher which swished the nets as the buzzer sounded.

Coach Joe DuCharme's Dickinson squad played one of its best games against Gettysburg in recent years. The squad, consisting of Juniors and Sophomores, matched the Bullets through the 40 minutes of play. With 10:15 remaining in the game, the Red Devils held a commanding 50-41 lead. Don Szegda, who sat out the previous four minutes, re-entered the game and gave Gettysburg a big lift. Szegda dumped a jumper from the left, but Richie Shapiro came back with a lay-up. At the 9:12 mark, Szegda again hit from the key followed by Strouse's pair of goals. Jim Ruck then converted a charity toss and Chris Sirms chipped in with a pair of corner jump shots to shoot the Bullets into a 54-52 lead at the 7:05 stage.

SEESAW GAME

The last seven minutes of the game was a seesaw battle. Each team alternated the lead right up to Gaeckler's game winning tally. Doug Kepner, Gettysburg's 6'6" center who has been coming into his own in the scoring department, kept the Bullets in the contest throughout the first half as he landed seven of eight goals and two of four charity tosses for 16 points. Chris Sirms and Strouse each contributed four goals. Don Smith gave the Red Devils the boost they needed in the first 20 minutes. Smith landed five goals and two fouls. Gettysburg maintained the lead throughout the first half, but Dickinson remained a close two points behind up to the four minute mark when the Bullets pulled out to a six point advantage but that was narrowed to a 34-32 lead by intermission.

The win boosted the Bullets' record to 7-4 on the season while Dickinson is now 5-5. Kepner and Strouse paced the Gettysburg attack with 20 points each and Kepner pulled down 11 rebounds. DuCharme went with his starting five throughout the entire ball game. Richie Shapiro was top scorer with 19 points while Dave Thomas and Don Smith each had 14. Shapiro also grabbed 10 rebounds for the host team.

PROSH TRIUMPH

The Gettysburg Freshmen had trouble taking a commanding lead but managed to pull away towards the end of the game and walked off with a 77-63 decision in the preliminary contest. The victory was the fourth in a row for the Little Bullets who are now 6-3 on the season.

Ray Fazcan once again provided the power for John Carpenter's yearlings as he netted 19 tallies and grabbed 11 rebounds. Steve Satir chipped in

G-BURG MAT TEAM, KLINE BOW TO PENN

with 12 points followed by Rick Miller's 10. Sam Cupp topped the Dickinson JV's with 16 points while Bill Freedman landed 14.

Both Gettysburg teams will return to the home court Saturday night when they take on the respective Elizabethtown squads. The fresh game will get underway at 6:45 o'clock.

Gettysburg G-Burg Mat Team, Kline Bow to Penn

Hayes Kline's 15-match winning streak came to an abrupt ending and the Gettysburg College wrestling team suffered its first setback of the season as the University of Pennsylvania walked off with a 22-8 verdict here Wednesday evening.

Kline, who won 15 straight dual matches over the last two years, was pinned for the first time since February 17, 1962, when Lafayette's Ted Sulkin did the job in the third period. Wednesday evening it was Penn's Ted Lansky who turned the trick in one minute of the second period. Lansky was Ohio Conference title holder before transferring to Penn last season. This marked his first match in a Penn uniform.

MATCHES CLOSE

Despite the onesided score, the individual matches were extremely close. Bill Lukens gained four points in the third frame to turn back Gettysburg's Joe O'Donnell 4-3 in their 137-pound bout. The Bullets' Brian Schechtere lost his 157 class decision to Tom McMahon 5-4 via a mere one point riding time after McMahon had yielded three points for stall. In the 167 bout, Pete McDowell gained a pair of points on escapes, but this wasn't enough as Ben Joseph captured a slim 4-2 decision.

Gettysburg registered its first five-pointer in the 147 class when Joe Bavaro pinned Chris Olmstead in 2:40 of the first period. The remaining three Bullet tallies came on 177-pound Jeff Almwick's 5-2 decision over Gerald Gates. The only other fall of the evening was recorded by Penn's heavyweight Bruce Jacobsohn. Jacobsohn pinned Jim Stouffer in 43 seconds of the second period.

Gettysburg, 5-1 on the season, will be out to hit the winning trail Saturday afternoon when it travels to Williamsport to meet Lycoming in a 6 p.m. engagement. The Gettysburg yearlings will resume action Saturday afternoon when they travel to Mercersburg.

Storm Left 22 Dead In State; 28 Inches Of Snow

By THE ASSOCIATED PRESS

It was D-Day in Pennsylvania Tuesday—D for Dig.

Pennsylvanians, hit by as much as 28 inches of snow in a near blizzard Monday, began digging their way back to normal, slowly and grumbling, but determined.

The hard-hitting storm left at least 22 dead in the state, mostly the result of exposure or overexertion as the victims fell to the hard task of shoveling out.

Philadelphia lifted its snow emergency at 7 p.m. Tuesday night.

MOST SCHOOLS CLOSED

The state highways department said all main roads were open and crews turned their snowplows and salting equipment to the rural roads.

Most schools serviced by main roads planned to reopen, although schools in many rural areas will remain closed. All Philadelphia public and parochial schools will reopen today, but Pittsburgh reported its public schools and those of the Pittsburgh Roman Catholic Diocese would stay shut.

Most central Pennsylvania public and parochial schools served by major roads will resume classes as will most other schools in Allegheny County.

BITTER COLD TOO

Operations returned to normal at Indianantown Gap military reservation, Olmsted Air Force Base and Mechanicsburg Naval Supply Depot. Philadelphia's International Airport, forced to shut down Monday night, resumed normal operations Tuesday morning.

Though the snowfall had stopped and drifts were being cleared away, cleaning-up operations were hampered by bitter cold weather. Near zero temperatures were reported in some parts of the state this morning.

In Berks County, the communities of Strausstown, Rebersburg, Bernville and Centerport were isolated by high drifts. There was some anxiety over the milk supply in the county and dairies reported they might run short in a day or so.

TRAVEL SLOWED

Transportation continued at a snail's pace in many parts of the state. Pittsburgh Mayor Joseph Barr again asked that motorists stay out of the center city area to permit snow removal crews to proceed with

LOSE WEIGHT THE GALAXON WAY

Available to you without a doctor's prescription, our product called GALAXON. You lose less ugly fat in 7 days or your money back. No strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers, cookies or chewing gum. GALAXON is a tablet and easily swallowed. When you take GALAXON, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because GALAXON depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. GALAXON costs \$2.00 and is sold on this GUARANTEE: If not satisfied for any reason, just return the package to your druggist and get your full money back. No questions asked. GALAXON is sold with this guarantee by: PEOPLE'S DRUG STORE, Gettysburg. Mail orders filled.

their work.

Commuter trains in Philadelphia returned to normal schedules after some interruptions. Long distance trains were running late, mainly because of heavier snows elsewhere.

The Pennsylvania Railroad attached a snow plow to the front end of one passenger train at Williamsport.

SOME FOOD SHORTAGES

In some areas, including Scranton, food in restaurants became scarce when dealers were unable to make deliveries.

In the larger cities, hotels were crowded with persons stranded in town.

Unable to get to hospitals quickly enough, women gave birth in the strangest places—one in a Bucks County tavern, another in an Amish carriage in Lancaster County, several more in automobiles.

MAROONED AT SCHOOL

Some 165 snowbound pupils at Council Rock High School, Bucks County, made the most of a bad situation and had a "fun" night out at the school when they were marooned there by heavy snow.

They were just as glad to leave Tuesday morning, after a night on makeshift cots and gym mats.

In Chester County, William L. Swanc, 64, had to abandon his automobile and began hiking across fields toward home. He walked about two and a half miles, then collapsed. His cries for help were heard by a neighbor, one of many searchers, and he was rescued.

BOY RESCUED

A similar rescue was made of 9-year-old Reed Gehr, of Ephrata, who had fallen into a five-foot snowbank near his home. Searchers heard his muffled cries and dug him out.

A helicopter was used to transport an apparent heart attack victim from his snowbound farm in Schuylkill County to the Harrisburg Polyclinic Hospital. The helicopter, from Olmsted Air Force Base, was able to reach Harry B. Troutman at his farm and transfer him to the hospital, where he was reported in satisfactory condition.

Others were not as lucky. Here is a list of the latest reported deaths attributed to the storm:

LIST OF VICTIMS

Arthur Hampshire, 49, of Meshoppen, Wyoming County, suffered a fatal heart attack while shoveling snow at a relative's home.

Michael Klutz, 51, of Shamokin, a State Highways Department employee, died of a heart attack after 12 hours work on a snow plow.

Russell P. Hess, 56, slipped and was run over by the rear wheels of a grader being used as a snow plow when he tried to hop a ride.

Henry A. Lutz, 67, of Mechanicsburg, died while shoveling snow at his home.

WARSAW (AP) — In a move to expand economic contacts with the West, Communist Poland is sending two government trade experts to the United States and Britain.

Deputy Trade Minister Franciszek Modrowski has left for Washington in quest of new grain shipments and tariff concessions and to survey markets for Polish goods.

SCHEDULE 29 ROCKET SHOTS

CAPE KENNEDY, Fla. (AP) — Cape Kennedy's launching pads are bulging with rockets

primed to ignite what could be a banner year in space for the United States.

Three are scheduled for launching during the last 10 days of January. They are the Relay 2 communications satellite, Jan. 21; the first two-stage test firings of Saturn 1, believed to be

the world's mightiest rocket, Jan. 27; and the planned flight of the Ranger 6 spacecraft to snap closeup television pictures of the moon, Jan. 30.

TITAN 2 FIRST The Titan 2 rocket is being groomed for the first flight in this nation's next man-in-space

program, Project Gemini. The launching in March will attempt to hurl a dummy model of the two-man spacecraft into orbit. Two other unmanned launches are scheduled before the first astronaut orbital mission, set for November.

These are among 29 space

shots scheduled from Cape Kennedy in 1964—an average of one every 12 days as the National Aeronautics and Space Administration pushes toward a goal of a manned lunar landing late in the decade.

This compares with only 10 space launches here in 1963.

JAKARTA, Indonesia (AP) — The Indonesian government said today Defense Minister Abdul Haris Nasution's talks with Soviet Premier Khrushchev had produced "highly significant" agreements for the continued buildup of Indonesia's armed

PA. DEMOCRATS CAN'T AGREE ON CANDIDATE

WASHINGTON (AP) — Pennsylvania Democrats were still without a Senate candidate today as party leaders were unable to agree on a choice.

Otis Morse, Pennsylvania Democratic chairman, said 12 possible candidates were discussed Wednesday night at what he called the first "hard discussion" on the subject.

Pennsylvania Republicans are expected to nominate Sen. Hugh Scott for re-election.

DENT PROPOSED

The meeting was held shortly after it was learned Democratic House members from Pennsylvania had endorsed Rep. John H. Dent of Jeannette as their choice.

Morse called the endorsement of Dent by the Democratic House members a "very serious move," and said it was "very interesting."

The Democratic chairman said his party's problem is that there are "many excellent candidates" and the leaders want to pick the best man.

MANY NAMES LISTED

Morse said Rep. Fred B. Rooney, D-Pa., urged the leaders to approve Judge Clinton Budd Palmer of Northampton County. He added that Sen. Joseph S. Clark, D-Pa., had called for "a candidate who can beat Hugh Scott." Patrick Melody, Lackawanna County Democratic chairman, urged approval of State Sen. Robert Casey of Scranton, Morse reported.

Others mentioned as possible candidates, according to Morse, were:

Milton J. Shapp, Philadelphia industrialist; Joseph Sharfstein, Philadelphia, chairman of the Pennsylvania Public Utilities Commission; Miss Genevieve Blatt, secretary of internal affairs; Rep. William S. Moorhead, D-Pa.; State Sen. Leonard Staisey of Allegheny County; State Supreme Court Justice Michael Musmanno; State Sen. William Lane of Washington County; former Lt. Gov. Roy Furman; and Superior Court Judge Harry Montgomery of Allegheny County.

DENT INTERESTED

Rep. Thomas E. Morgan, dean of Pennsylvania's Democrats in the House said he got no reaction when he proposed Dent's name.

Dent has expressed an interest in the job, but said he will not actively seek it unless it looks like the Democrats plan to nominate a candidate on the basis of friendship rather than need. He said he was not invited to Wednesday night's meeting.

Those at the meeting, besides Morse, Morgan, Melody, Rooney and Clark, were:

Mrs. Louise John, state committee vice chairman; Andrew M. Bradley, state committee treasurer; Grace Sloan, state treasurer; Thomas Minehart, state auditor general; former Gov. David Lawrence, now chairman of the President's Committee on Equal Opportunity in Housing.

MOORHEAD WITHDRAW

Mrs. Emma Guffy Miller of Slippery Rock, Democratic national committeewoman; Michael Byrne, a Clark aide; Peter Shaaf, Erie County Democratic chairman; Dr. John L. Dorris, Luzerne County Democratic chairman; Francis R. Smith, Philadelphia Democratic chairman; Mayor John Gross of Allentown; Mayor Joseph M. Barr of Pittsburgh and Mayor James H. Tate of Philadelphia.

Dent said Moorhead was also considered by the Democratic House members for the nomination, but he withdrew his name.

Dent said he feels the Democrats must work hard to beat Scott. Dent said the House members endorsed him because they felt it will take a man with a legislative record like his to beat Scott.

The 55-year-old Dent has been in politics for more than 30 years and was Democratic floor leader in the Pennsylvania Senate for 18 years. He came to Congress in a special election in 1958 to fill the unexpired term of the late Augustine B. Kelley.

Orrtanna

MRS. LUTHER WETZEL

ORTTANNA — The Margaret Donelson Bible Class of the Orrtanna Methodist Church met recently at the home of Mrs. Frank Donelson, Orrtanna, with seven members present. Reports from the secretary and treasurer were approved.

The class planned a baked chicken pie supper to be held in February and discussed the sale of vanilla, paring knives and knife sharpeners.

The program was opened by the president, assisted by readings by Mrs. Laura Cease, Mrs. Wilmer Wetzel, Mrs. Ruth Deardorff, Mrs. Walter Tressler and Mrs. Donelson. Psalms 12-18 were read and discussed in the study and meditation period. The class will meet Feb. 10 at the home of Mrs. Theodore Deardorff.

Needcraft

GOP SENATORS OFFER HEALTH CARE FOR AGED

By JOHN CHADWICK
WASHINGTON (AP) — Six Republican senators offered legislation today to provide a public-private health care plan for the aged that they described as the most comprehensive yet presented to Congress.

One part would provide 45 days of hospital care, up to 180 days of skilled nursing home care, or more than 200 days of home health care following treatment in a hospital for all persons 65 or over.

This would be financed by an increase of $\frac{1}{2}$ to 1 per cent in the Social Security pay roll tax to be deposited in a separate health fund.

MAS BEST CHANCE

The other part of the program would create a national, federally chartered association of private insurance and group service companies which would authorize a standard medical-surgical policy for those over 65.

By enabling private insurance firms to pool their risks, a standard policy could be made available at a cost of about \$2 a week, sponsors estimated.

Sen. Jacob K. Javits, R-N.Y., chief spokesman for the sponsors of the measure, called it "the program with the best chance of becoming law in 1964." It is based on the recommendations of the National Committee on Health Care of the Aged, which submitted its findings to the late President John F. Kennedy on Nov. 14.

FIGHTS JUST BEGINNING

The American Medical Association opposed and Congress stymied Kennedy's program to provide hospital, nursing and out-patient care for the elderly by boosting the Social Security tax on employer and employee 14 of 1 per cent.

The House Ways and Means Committee is to resume hearings on the administration bill Monday. Wednesday, President Johnson reaffirmed his support for the measure and predicted it "is going to be the law of the land."

"We have just begun to fight," the President told leaders of organizations of senior citizens at a White House meeting. He emphasized that under the plan the insured would be able to choose his own physician and hospital.

Three Executives Killed In Crash

MEMPHIS (AP) — Three young rug industry executives were killed when a twin-engine Comanche dived into a vacant field near thickly populated suburbs south of here Wednesday.

Victims were the pilot, Jerome Kraut, 36, of Northridge, a Los Angeles suburb; Robert L. Fisher, 36, of Los Angeles; and James R. Drohan, 29, of Skokie, Ill., a Chicago suburb.

Cause of the crash hasn't been determined.

The plane was owned by Tac-Trac, Inc., a carpet stripping firm in Los Angeles.

Former Pa. Senator Dies On Wednesday

FRANKLIN, Pa. (AP) — An apparent heart attack has caused the death of former State Sen. George A. Rupp of Allentown.

Rupp, 61, died Wednesday in Franklin Hospital.

He had been visiting in Oil City to inspect property he owns, authorities said, and became ill last month.

Rupp served as state senator from Lehigh County in 1934-35 and was chairman of the county's Democratic Party from 1932 to 1935.

A graduate of Muhlenberg in 1922, Rupp practiced law for 34 years in the county.

Teagarden, a heavy set, moon-faced man, was also a band leader and jazz singer of note. His husky singing voice sounded not unlike the bellows of his larynx.

CHAMP GILT SOLD

HARRISBURG (AP) — Results of sales Wednesday at the State Farm Show included:

Chester White — The champion gilt owned by Boyd Brothers, Brouseville, York County, sold for \$150. The average price for 30 animals in the sale was \$83.27, compared with \$101.17 last year.

FARM GROUPS ELECT

HARRISBURG (AP) — Clarence R. Hack of Berwick Wednesday was elected president of the Pennsylvania Guernsey Breeders Association.

The Society of Farm Women of Pennsylvania elected the following officers:

President, Mrs. Elmo Menter, Carlisle; First vice president, Mrs. W. F. Dummer, Thompsville R. 1, York County; second vice president, Mrs. Kenneth Staver, Palmyra R. D., Lebanon County.

Fruit brownies with peppermint icing. To do so, you can add crushed peppermint candy to a butter frosting or peppermint extract to a confectioners sugar frosting.

To Improve Trailer Area At Caledonia

HARRISBURG (AP) — Unofficial low bids totaled \$51,972 for construction of a washhouse and two comfort stations at

new tent and trailer area in Caledonia State Park, Franklin County.

The General State Authority Wednesday received the following low bids on the project:

General construction — Swan

Associates, Inc., New Cumber-

land, \$35,380; Plumbing — Frank L. Black Jr., Inc., Carlisle R. D. 1, \$13,448; Electrical — A. G. Crunkleton Electric Co., Greencastle, \$3,144.

Your vacation lasts one week, death is permanent.

NEW PIPELINE CENTER

PHILADELPHIA (AP) — At-

lantic Pipe Line Co. announced

today it will erect new dis-

patching center at Montello, Pa.

to facilitate the flow of its petro-

leum products over a 900-mile

pipeline system in Pennsylvania and New York.

The new center will make use of a specially-designed compu-

ter to speed flow and deliver

information, said Harry G

Schad, company president.

NASA Spacemobile To Bring Latest News On Space Exploration To County Schools

Pupils of six Adams County high schools will have an opportunity to inspect a "spacemobile" of the National Aeronautics and Space Administration when it visits the county January 21, 22 and 23.

The specially designed panel truck carries equipment and materials utilized in space science lecture-demonstrations. The truck and others like it are operating throughout the United States and overseas.

The spacemobile will visit Fairfield High School at 9:30 a.m. on January 21 and at 2:30 o'clock that afternoon, it will be at the Biglerville High School.

OTHER VISITS

It is scheduled for Gettysburg High School at 9:30 a.m. on January 22 and at 1:30 o'clock that afternoon will visit Littlestown High School. New Oxford High School will be visited January 23 at 9:30 a.m. and that afternoon at 2:15 o'clock it will be at Bermudian Springs High School at York Springs.

Included in the spacemobile's complement of equipment are mechanical and electronic devices with which the lecturer demonstrates basic scientific principles and shows how these principles apply in the programs and projects for peaceful utilization and exploration of space.

For example the lecturer retraces the origin and development of rockets, using models and demonstrating equipment. He explains how certain principles were recognized and stated as physical laws by Isaac Newton and others. He demonstrates the application of these principles to such current programs of the National Aeronautics and Space Administration as:

CURRENT SPACE TOPICS

Mercury — orbiting a manned capsule, learning effects of space flight on man, and recovering both man and capsule safely.

Gemini — orbiting a two-man capsule, determining effects on man of space flights of about a week, and developing techniques for joining craft in orbit.

Apollo — landing of a three-man explorer team on the moon and returning safely to earth.

Ranger, Surveyor, and Prospector — spacecraft for unmanned exploration of the moon.

Mariner and Voyager — spacecraft for unmaned exploration of other planets.

Among the scientific models included in the displays to be brought here in an NASA spacemobile (upper photo) from January 21-23 will be this model of Ranger, Type B, (lower photo) similar to Ranger IV which landed on the moon.

Tires, Nimbus, and Aeros — weather satellite programs.

Echo, Rebound, Relay, Telstar, and Syncrom — communication satellite programs.

OGO, OSO, and OAO — Abbreviations for Orbiting Geophysical, Solar, and Astronomical Observatories designed for study of the universe and of earth's space environment.

TC SNOW MODELS — A typical 30-minute demonstration provides answers to such questions as: What is a satellite? How does it get into orbit? What keeps it in orbit? What good is it and what does it do? And what are the present activities of the NASA, the current results of these programs and plans for the future?

Other equipment is used to show a satellite in an earth orbit; to explain the forces acting upon the satellite and the use of solar cells to provide power in space. The solar cell device is activated by an artificial light or by direct sunlight. The cell converts thermal energy into electrical energy which is used to power a small motor, ring a bell, and energize a miniature water pump.

In addition there are models of the NASA "family" of launch vehicles, scaled to show the relative sizes, from the comparatively small Scout to the gigantic Saturn and Nova "boosters."

Missile Hits Target 5,800 Miles Away

CAPE KENNEDY, Fla. (AP) — A Titan 2 missile struck a target 5,800 miles away Wednesday in a successful dual demonstration of its ability to orbit astronauts and deliver a nuclear warhead.

The Air Force said the flight was primarily a weapons test of the United States' most powerful operational rocket. But the vehicle also carried devices applicable to Titan 2's assignment to boost the two-man Gemini spacecraft.

Miss Anne Gilliland, Garden Club representative, reported that Mrs. Ralph D. Helm had been elected president of that group.

Mrs. Walter B. Lane, public relations chairman, reported that Philip R. Biele, Lincoln Square insurance agent, had offered the use of his window to the YWCA in observance of National YWCA Week in April.

Mrs. Harold Westover reported on the open house for Seniors and graduates at the Y December 31. She said that the theme for the year, "A New Year, A New You," will be carried out in the programs for the girls. Mrs. Westover, Miss Belitz and Mrs. Rex Maddox were appointed to attend the Y-Teen rally to be held at the Hanover YWCA February 29. The Y-Teen groups will appoint their own representatives to the rally.

Steve had a solution. He poured his mother's perfume over his caps.

PERFUMED BULLETS

ELLINWOOD, Kan. (AP) — Mrs. Kenneth Hewitt told her 7-year-old son he must not shoot his cap pistol in the house because it made a stink.

Steve had a solution. He poured his mother's perfume over his caps.

SPENDING FOR MISSILES AND SHIPS MAY BE CUT HEAVILY

By STANLEY MEISLER
WASHINGTON (AP) — President Johnson is asking Congress to cut spending on missiles and ships by more than a billion dollars and to increase spending on planes by \$300 million.

This was revealed Wednesday when the Defense Department sent Congress its authorization request for the 1965 fiscal year.

The request included \$10.6 billion for procurement of missiles, ships and planes. Last year, Congress appropriated \$11.4 billion for procurement.

"NOT DISTURBED"

Rep. Carl Vinson, D-Ga., chairman of the House Armed Services Committee that must consider the request, said "I am not disturbed at all" by the requested cut in procurement spending.

"We will see what the justification is when the hearings begin," he continued.

Vinson said the committee would begin its hearings on Jan. 27. Secretary of Defense Robert S. McNamara is scheduled as the first witness.

The authorization bill actually totaled \$17.2 billion — the largest authorization ever sent to Congress by the Defense Department.

TIMING IS SURPRISE

But Vinson pointed out that this figure included an authorization of \$6.6 billion for research and development. In the past, Congress has not included research and development in the annual military authorization bill.

The department's authorization request presages even deeper cuts in the military procurement program. Congress usually appropriates less money than it authorizes.

The timing of the authorization bill came as a surprise because it preceded the scheduled date for President Johnson's budget message by almost a week.

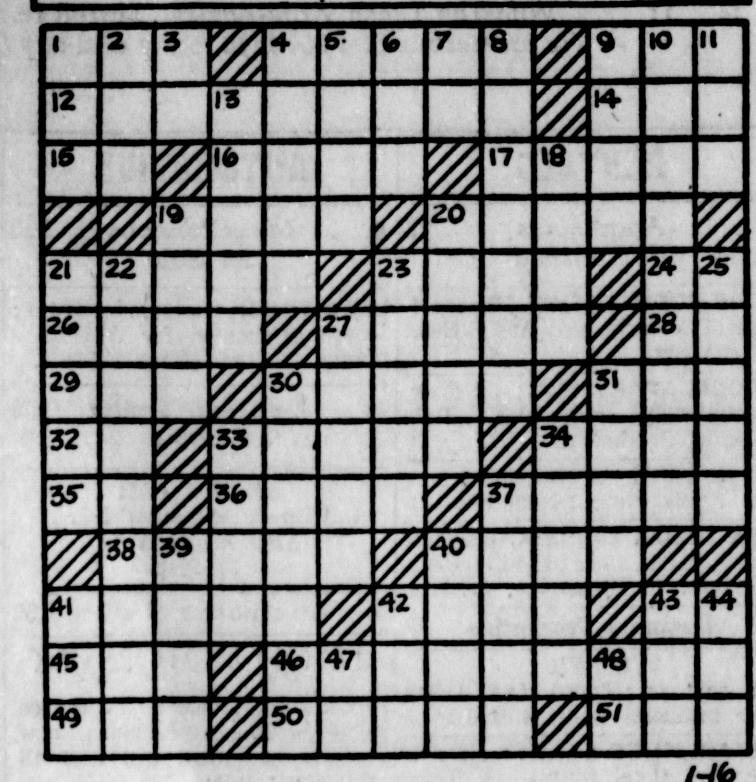

A Lovelier You

By MARY SUE MILLER
YOUTHFUL CHINLINE. A lovely writes: I am not yet 40 years old, but my chinline has begun to lose its firm contour. Why should this be and what should I do about it?

The Answer: When a woman has not yet reached the middle years, a sagging chin is caused by habitually poor posture or fluctuating weight or both. You must make a practice of holding the head erect, if you want to hold onto a taut chin.

You must also keep your weight on an even keel. A woman who repeatedly gains and reduces courts head-to-toe flabbiness. The skin and muscles simply cannot stand the strain of being after-skin. Cold water compresses are

Would Liberalize Rules For Women

PHILADELPHIA (AP) — The Women's Student Government Association Senate at the University of Pennsylvania has voted to liberalize some of the rules for freshman women.

The plan, which must be approved by parents and the Committee of Student Affairs, would grant to freshman women the same privileges given to upper class females to visit men's quarters.

The senate also voted Wednesday to abolish the evening curfew on senior women who have a C average, parental consent and have not had a judiciary board conviction within six months.

Name Champions In Beef Cattle

HARRISBURG (AP) — Among the champions chosen Wednesday at the State Farm Show were:

4-H Dairy Cattle
Jersey—Lawrence E. Gerber, Dover, York County.

Milking-Shorthorn — Sylvania McCleary, New Freedom, York County.

Holstein — William A. Fairchild, Berwick R. 2, Columbia County.

Beef Cattle (bulls).

Angus — Miliarden Farms, Annville, Lebanon County.

Angus bull calf — Conrad Grove, Pottstown R. 2.

Beef Cattle (females)

Angus — Eisenhower Farms, Gettysburg R. D. 2.

Famous last words: "If he won't dim him, I won't dim mine."

At the start of the meeting, the Defense Department rejected a state of Pennsylvania appeal to permit the division to hold its summer encampment there this year.

But, Army and National Guard Bureau officials left the door slightly open by agreeing to study the question another two weeks.

Whiz into a streamlined pattern that makes news two ways. Princess lines glide by the waist while trim pockets creat a long-waited effect.

Printed Pattern 4900: Misses' Sizes 12, 14, 16, 18, 20. Size 16 requires 3 yards 45-inch fabric.

WASHINGTON (AP) — Philadelphia and Pittsburgh are among 21 cities which will play host to potential Republican presidential candidates and other party leaders in a "Go-Day Rally" fund-raising dinner of the Republican National Committee Jan. 29.

The committee said Wednesday it expects more than 25,000 persons will attend the dinner throughout the country.

Highlighting the dinner will be a 21-city closed circuit television hookup.

Sen. Barry Goldwater will speak from Pittsburgh over the hookup. Former Gov. Thomas E. Dewey of New York will speak from Philadelphia, but will not be part of the television hookup.

Former President Dwight D. Eisenhower will speak from Detroit, former Vice President Richard M. Nixon from New York, GOP National Chairman William E. Miller from Cleveland, and Gov. William W. Scranton from Indianapolis, all on the closed circuit hookup.

The youngsters will lead their pampered Angus, Herefords and Shorthorns before the critical eye of the judges in the emotional climax of the 48th annual show.

The winner will be put up against the open class champion steer for the best of show honors. But win or lose against the adults, the 4-H blue ribbon winner probably will draw another record price for its lucky owner.

BETTER CROWD WEDNESDAY

The champion 4-H steer, an Angus, last year sold for \$4.12 a pound in Friday's auction.

The fat steers, raised to near perfection in a year by the kids, average about 1,000 pounds, assuring a hefty bank account for the winner.

Members of the Future Farmers and Future Homemakers of America helped breathe new life and exuberance into the storm-plagued show Wednesday as attendance returned to near normal.

MAMMOTH TRAFFIC JAMS

Blue-jacketed boys and their feminine counterparts swarmed through the exhibition halls and barns after holding their annual meetings.

Farm show workers finally succeeded in clearing snow from the vast parking lots and an estimated 155,000 persons fought through mammoth traffic jams to visit the free agricultural exposition.

Auction sales opened, but prices for champion swine gilts were as much as 30 per cent below last year. Officials attributed the price decline to the inability of many buyers to attend because of adverse weather conditions.

6 RIBBONS FOR IKE

Pennsylvania's best known farmer, former President Dwight D. Eisenhower, won six ribbons in Angus beef cattle competition, including the grand champion female.

The agents said the seizure, part of a continuing enforcement to keep untaxed liquor out of Pennsylvania, was the largest here since November.

The agents said the seizure, part of a continuing enforcement to keep untaxed liquor out of Pennsylvania, was the largest here since November.

Microorganisms are growing over the magnificent paintings created by Cro-Magnon artists 20,000 years ago on the walls of Lascaux Cave in France.

Mt. Joy R. 1, Lancaster County, was chosen "State Star Farmer" from among the thousands of FFA members in Pennsylvania. He received \$200.

Raffaele J. Aversa, 17, Centerville R. 2, Crawford County, received \$100 as the "State Star Dairy Farmer."

The FFA conferred "Keystone Farmer" degrees on 197 youths who recorded outstanding agricultural achievements in 1963.

Gov. Scranton, addressing the FFA meeting, urged the youngsters to prepare themselves with the proper knowledge and skills so that they can take their places in "agribusiness of the future."

The FFA conferred 198 "State Homemaker Degrees" on girls

Harold J. Brubaker, 17, of

STUDY GAP FOR SUMMER USES

WASHINGTON (AP) — Army and National Guard Bureau officials, at the request of the Pennsylvania Congressional Steering Committee, have agreed to study the Indianola Gap military reservation for another two weeks before deciding if they will permit the 28th Infantry Division to hold its two-week summer encampment there this year.

State Adj. Gen. Thomas R. White Jr. said the study will involve a close examination of the reservation to see if it can be made suitable for training or would be suitable under different approaches to training.

The action came Wednesday at a meeting of the steering committee and Pennsylvania guard leaders with Maj. Gen. W. P. Wilson, chief of the National Guard Bureau, and Lt. Gen. H. S. Wright, chief of the Army Office of Reserve Components.

At the start of the meeting, the Defense Department rejected

a state of Pennsylvania appeal to permit the division to hold its summer encampment there this year.

But, Army and National Guard Bureau officials left the door slightly open by agreeing to study the question another two weeks.

Whiz into a streamlined pattern that makes news two ways. Princess lines glide by the waist while trim pockets creat a long-waited effect.

New York Water Fluoridating Program May Spur Other Cities

By FRANCIS STILLEY
AP Newsfeatures Writer
New York City shortly will begin fluoridating its water supply in an effort to reduce tooth decay, and the action may induce many other cities around the nation and world to follow suit.

New York's move came after 10 years of long and bitter arguments between foes and supporters of fluoridation. The arguments they advanced were approximately the same as in other localities where such a program is being considered.

Foes generally contended that the process hasn't been tested thoroughly enough to make certain there will be no long range ill effects.

CLAIM NO HARM

On the other hand, however, government medical authorities as well as medical societies and dental associations say there is no possibility of harm.

Strong support for fluoridation has come from the World Health Organization, the U.S. Public Health Service, the American Medical Association and the American Dental Association.

Fluoridation proponents say that dental cavities of children can be reduced as much as 60 per cent.

New York was by no means the first major U.S. city to adopt fluoridation. Washington, Chicago, Boston, San Francisco, St. Louis and Denver already are treating their water.

The process involves adding fluoride to water at a ratio of one part in a million.

According to the U.S. Public Health Service, 1,834 of the 16,885 water systems in the U.S. have natural fluoride content deemed sufficient for healthy teeth. Some 7,261,000 persons are served by these systems. 1,350 SYSTEMS

Another 3,284 systems, serving 51,306,700 people, add fluorides to augment natural fluorides.

Artificial fluoridation is employed by 1,350 systems serving 44,045,400 people.

Thus a little more than half the nation's population is getting fluoridated water.

Around the world, communities in more than 30 nations have fluoridated water. However, there is little or none in France, Italy or West Germany.

Local health authorities in Britain are divided, with 62 councils having voted for the process and 23 against it.

In Ireland a long court battle has been under way in an effort to halt a bill making fluoridation mandatory.

Some Russian communities in the Ukraine and far north are understood to employ it but Moscow does not.

Decision On Judge Within Two Weeks

PHILADELPHIA (AP) — Administrative Judge Vincent A. Carroll says he will decide at the end of two weeks if he will relieve Judge Victor H. Blane of duty.

Judge Carroll on Wednesday gave Blane two weeks to answer charges made by Dist. Atty. James C. Crumlish Jr., who has accused him of handling various cases improperly.

Judge Carroll said he will report to State Supreme Court Chief Justice John C. Bell Jr. today on his meeting with Blane and Crumlish.

Missing Woman Is Found Stabbed

PHILADELPHIA (AP) — A 42-year-old woman who had been reported missing since Tuesday was found Wednesday night stabbed to death and hidden in her basement, police said.

The police said the body of Mrs. Nathan Tarver, 42, was found hidden beneath two mattresses. She apparently was stabbed with an ice pick. They said her husband reported that \$105 she had in her pocket book Tuesday was missing.

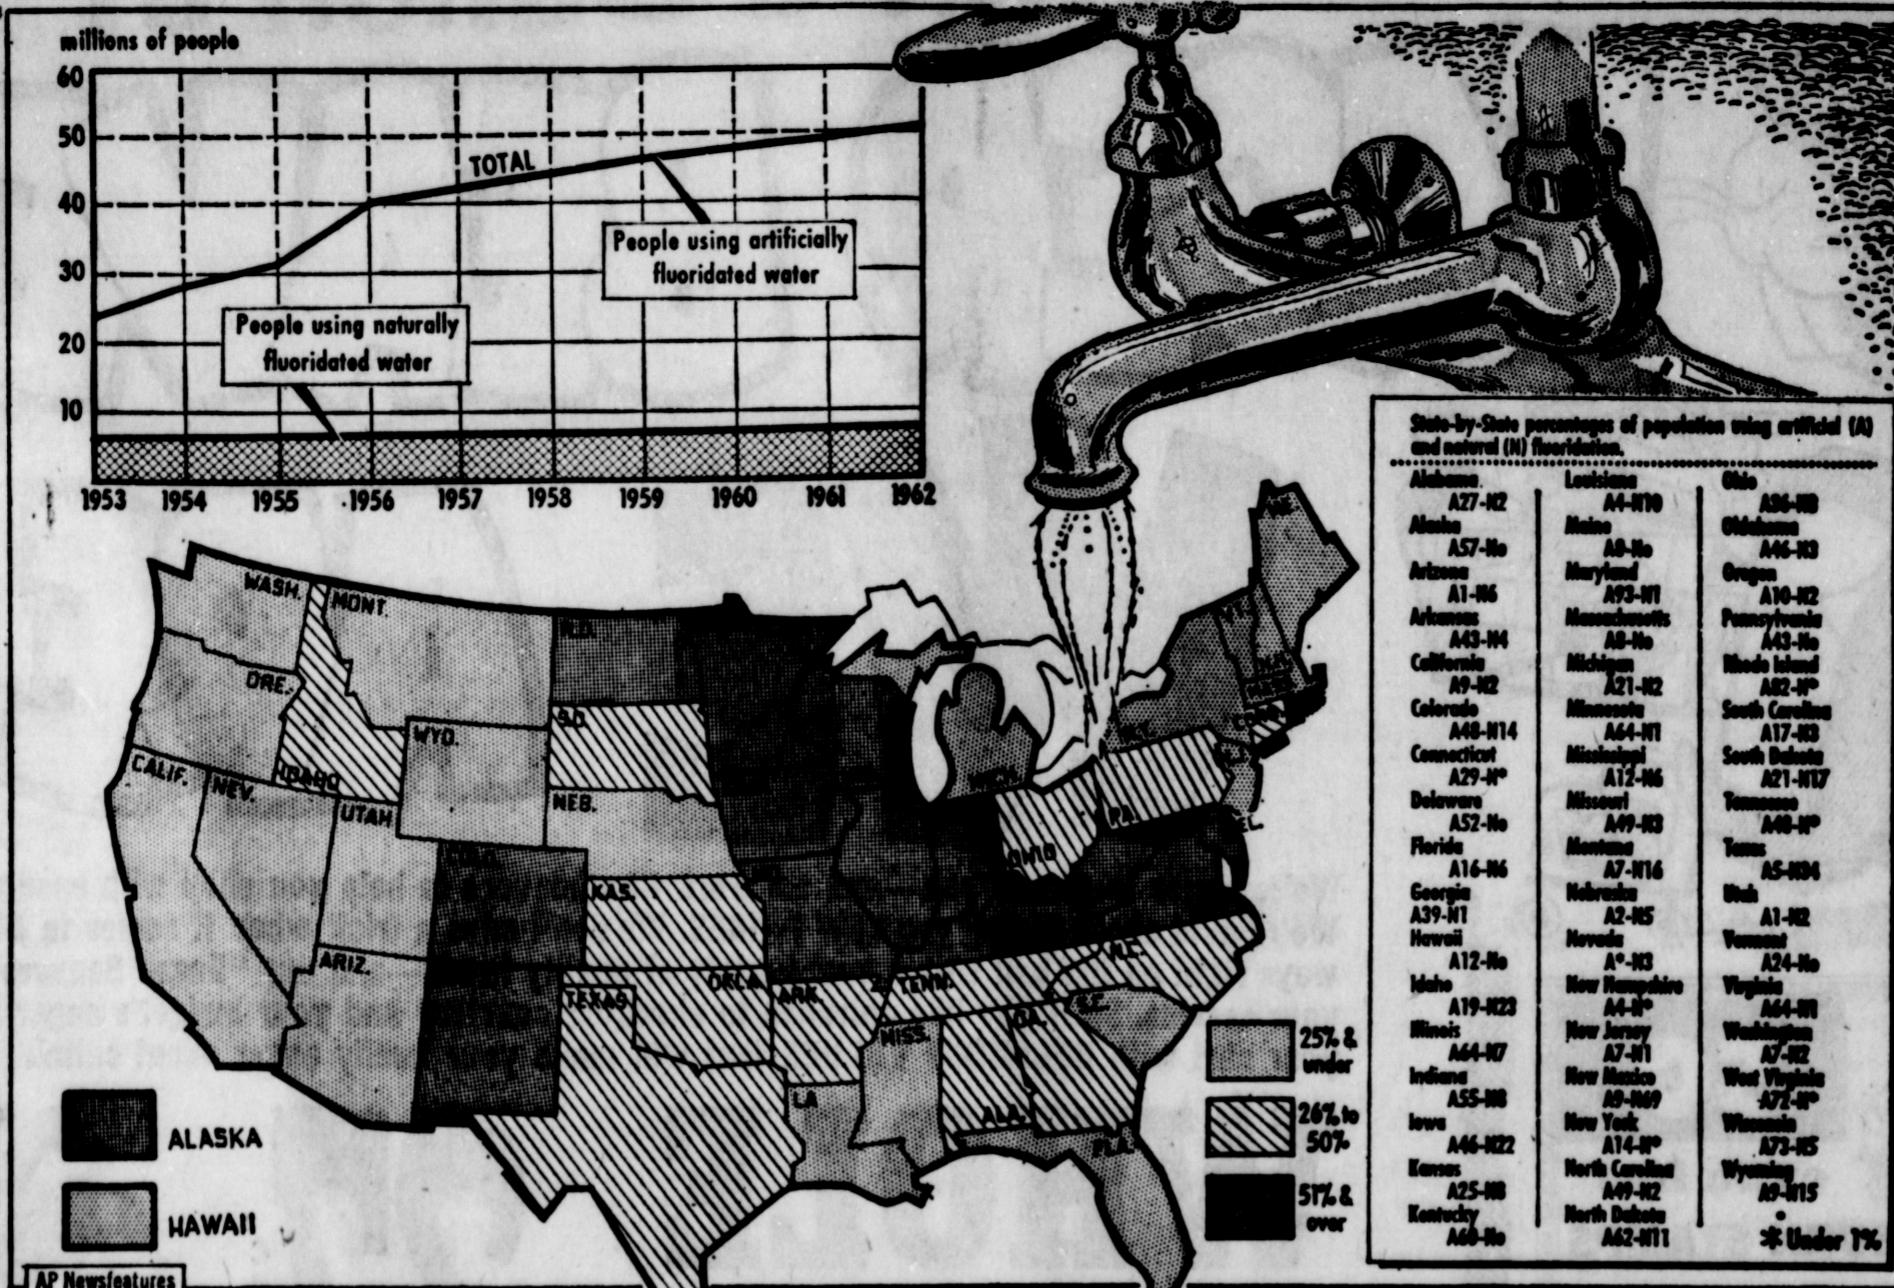

The police said the husband reported his wife missing when he came home Tuesday night.

Police said they are looking for a roomer at the Tarver house, Willie Hauch, 32, who has not been seen for two days, for questioning.

U. S. FARMERS SEEK OUTLET IN FOREIGN SALES

By OVID A. MARTIN
Associated Press Farm Writer

WASHINGTON (AP) — Uncle Sam and organized farm commodity groups are doing a giant size job of advertising American agricultural products abroad.

In an activity largely overshadowed by other farm program activities, they have spent well over \$100 million since late 1955 to call attention of consumers in various parts of the world to this country's food and fiber products. The money is being spent to develop present and future markets.

BUILDS MARKETS

This broad-gauged activity is comparable to expenditures made by industrial concerns in this country to build markets for a new product.

In a cooperative enterprise involving the Agriculture Department and private farm commodity organizations, nearly 800 market development projects have been inaugurated during the last eight years.

The U. S. government has furnished about 70 per cent of the cost of these projects and farm and trade organizations the balance. Funds to meet the government's cost are taken from foreign currencies the United States receives for farm surpluses sold them under the food for peace program.

The department gives these activities much credit for the increase in farm exports in recent years. Officials expect the programs to develop sound, long-term cash markets, particularly in the more industrialized countries.

MILK COWS DECLINE

An Agriculture Department indicated today that the number of cows milked during December was nearly half a million less than in the like month last year.

The average number milked during the month was about 16,400,000 compared with 16,890,000 a year earlier. By comparison, milk cow numbers were nearly 22 million head 10 years ago. Milk production has increased during this 10-year period from 120 billion pounds to 124.7 billion pounds a year. Cows have become more efficient. In December, for example,

the production per cow averaged 591 pounds compared with 527 for the 1957-61 December average.

PRODUCING MOLASSES

The United States has re-

placed Cuba as the world's leader in the production of industrial molasses, a byproduct of stock feed. Cuban production has gone down with that country's decline in sugar cane production.

Production in this country during the 1962-63 season totaled

350 million gallons. The bulk of the molasses was used as live stock feed. Cuban production was 9 per cent in the west and south central states and 6 per cent in both the west and south Atlantic areas. Decreased were 9 per cent in the west and north central states, 4 per cent in the east north central and 3 per cent in the north Atlantic areas.

TAX NOTICE

TO HOLDERS OF ALL TYPES OF SECURITIES
MUTUAL FUNDS, STOCKS, BONDS, MORTGAGES
JUDGMENTS, NOTES, AGREEMENTS AND
ACCOUNTS BEARING INTEREST

1964 PERSONAL PROPERTY TAX RETURNS

Every resident individual, copartnership, unincorporated association, and investment club in the County of Adams, holding Personal Property under Act of June 17, 1913, P. L. 507, is required by law to file returns thereof to the Adams County Commissioners on or before February 15, 1964, tax rate: 4 mills payable to the local tax collector when notice is sent.

This year persons failing to report Mutual Fund Shares and all other securities owned will be subject to assessment on the same for five (5) previous years, with tax plus 12% penalty. The Commissioners will assess only those funds and securities made taxable under the law.

If you did not receive forms, same may be obtained at the office of the Adams County Commissioners or any Adams County bank. If you are in doubt as to the taxability of securities or other personalty or desire assistance in the preparation of your return, communicate with the deputy clerk of the Adams County Commissioners.

Any person who willfully refuses or fails to file a return as required by law shall be guilty of a misdemeanor and may be subject to fine or imprisonment, as set forth in the aforesaid acts.

COUNCIL VOTES TO STOP SALES OF CIGARETTES

Woman Who Struck Stevenson Loses \$25

DALLAS (AP) — A Dallas woman accused of striking U.S. Ambassador Adlai Stevenson with a placard here last October has forfeited a \$25 bond for failure to appear and answer court charges.

Corporation Court Judge Charles Wells ordered the forfeiture Tuesday for Mrs. Cora Frederickson.

Stevenson, ambassador to the United Nations, was struck as he left a U.N. Day rally at Dallas Memorial Auditorium.

Forfeiture of the bond closed the case, said Chief Prosecutor J. W. Schoolfield.

some of them—couldn't believe it. Others puffed their cigarettes indignantly.

NOT ENFORCEABLE

But the mayor said the penalties in the proposed ordinance were not intended to be enforced "because they are not enforceable."

Texas law limits fines levied by municipalities to \$200 for violating an ordinance. As long as you can pay the fine you don't have to go to jail.

City Council action followed the surgeon general's report that cigarettes are serious health hazards, Pierson said, and "was to focus the community's attention on the serious problem of smoking." The main purpose has been accomplished," he said.

CURTIS CLAIMS CERTAIN CURE FOR SMOKING

By BOB THOMAS

AP Movie-Television Writer
HOLLYWOOD (AP) — Two film colony views of the smoking crisis—

"I can cure anyone of smoking," says Tony Curtis, the Carrie Nation of cigarettes.

Well, almost anyone. He started with himself a year ago—"before it was so fashionable to quit smoking."

How did he do it?

"One day I decided I wasn't feeling as good as I should," he recalled. "That was on a Sunday. On Monday morning I stopped smoking. I kept telling myself: 'Look, you've gone six hours without a cigarette after 15 years of smoking. Don't you feel good?'

FEEL BETTER

"And I did feel good. By Monday night I was so elated that I wouldn't think of smoking a cigarette. A pipe or a cigar now and then, Yes. But I never think about cigarettes. I never ask people not to smoke in front of me. I never worry about the smell of the smoke getting to me. I'm through, finished."

He doesn't just let it lie there.

He has become a zealot to the cause, turning the "Sex and the Single Girl" set into daily meetings of smokers anonymous.

CONVERTS STAFF

"So far I've got about 12 people on the set to quit entirely—my stand-in, a prop man, an electrician, two girl stand-ins, etc." he reported gleefully.

The Curtis method?

"Twenty minutes is all I need. I give them 20 minutes of talk that is a combination of persuasion, hypnosis and plain old-fashioned bull."

PROGRESS REPORT

He follows the initial treatment with daily consultations, progress reports and back-patting and claimed that none of his patients have backsid.

Meanwhile, in another part of the same movie lot, Bette Davis was smoking cigarettes at her usual clip—roughly one every seven minutes.

"The government's report is not exactly new," said the actress, who is making "Where Love Has Gone." "But it does put the facts in official form, and I think it was a very courageous and worthy thing to do."

"I give up smoking? No, I tried it twice in my life, both time for month, and it was miserable. For one thing, smoking gives me pleasure. For another, I am not a deep inhaler. And I've been smoking so long that I'd probably die sooner by giving it up than I would by continuing."

So saying, she lit up another. way near Rawlins.

GOP URGES NO CONCESSIONS FOR PANAMA

WASHINGTON (AP) — President Johnson got Republican advice today to follow a hold-the-line policy aimed at restoring relations with Panama without yielding U.S. treaty rights.

Senate Republican leader Everett M. Dirksen of Illinois said he believes the world is watching the Panama crisis to determine whether the new administration will make concessions when American interests are made the object of violence.

"The President certainly will have Republican support if he holds the line and doesn't yield to demands that we reassess our treaty rights," Dirksen said in an interview.

"IF WE CRUMBLE"

"We are in the amazing po-

WITH WHAT?

RAWLINS, Wyo. (AP) — Jerry Bergstrand, 19, of Rawlins, escaped serious injury recently when his car collided head-on with a washing machine.

Investigating officers said vandals had taken the old washing machine from a nearby sign-board and placed it on the highway near Rawlins.

sition of having a country with one-third the population of Chicago kicking us around. We crumble in Panama, the reverberations of our actions will be

felt around the world."

Dirksen said he had not been consulted about the administration's course in the Canal Zone crisis. He added he expects to

see Johnson shortly. The President briefed Democratic congressional leaders on the situation Tuesday.

Sen. Leverett Saltonstall of

Massachusetts, chairman of the Conference of All Republican Senators, told the Senate the United States must be just in dealing with Panamanian com-

plaints. But he took the same position as Dirksen, that treaty rights governing operation of the canal must not be watered down.

SECOND FILER IN CRASH IS FOUND DEAD

CUMBERLAND, Md. (AP) — The body of a second flier from an Air Force jet bomber which crashed near here Monday was found on an icecapped mountain Wednesday. Only one of the five crewmen is still unaccounted for.

Two crew members had been found alive earlier and another had perished on the blizzard-swept slope near the scene of the wreckage.

The second body recovered was identified as Maj. Robert L. Payne, 41, of Tulsa, Okla., navigator of the B52 carrying two nuclear weapons. Both weapons, described as harmless in their present state because they were not primed, were found in the wreckage.

GUNNER MISSING

Payne's body was located

about six miles from the plane crash, 20 miles west of Cumberland.

Found dead earlier in the wreckage was Maj. Robert L. Townley, 42, of Gadsden, Ala., the bombardier.

Still missing and the object of an intense air and ground search was T. Sgt. Melvin Wooten, 27, Tohatchi, N.M., the tail gunner.

The other crewmen, Maj. Thomas W. McCormick of Yawkey, W. Va., and Capt. Parker C. Peedin, 29, of Smithfield, N.C., survived parachute jumps

CASE PLACES SCRANTON AT TOP OF LIST

WASHINGTON (AP) — Gov. William W. Scranton of Penn.

in near-blizzard weather. McCormick made it to a nearby farmhouse and Peedin was found by searchers more than 36 hours after the crash.

sylvania has been put at the top of a list of potential Republican presidential candidates mentioned by Sen. Clifford P. Case, R-N.J.

The Pennsylvania governor, Case told reporters Wednesday in his office, has become more visible in GOP ranks recently, but "I have always thought he was one of the attractive men in our party."

Case, virtually ruling out as presidential hopefuls former Vice President Richard M. Nixon and Henry Cabot Lodge, ambassador to South Vietnam, said

Scranton is much more talked about now and "he's very hot at the moment. He is and has been a very attractive possibility."

IGNORED GOLDWATER

"People are looking for younger and fresher faces," Case said.

Case ignored Sen. Barry Goldwater of Arizona in his listing of "attractive" Republican candidates. He has maintained that a liberal candidate, not a conservative, would be the best bet for the Republicans this year.

The New Jersey senator said

Rockefeller was the leading contender a year ago, but his remarriage changed that and vaulted Goldwater into the lead.

Goldwater's appeal lessened after the assassination of President Kennedy, Case said, and brought the liberal group into sharper focus.

Case added he has not had any political meetings with Scranton.

TOKYO (AP) — Japan paid its annual tribute Wednesday to boys and girls on the threshold of their 20th birthday, which gives them the right to vote and other privileges of adulthood. The event—Adult Day—is a national holiday.

WASHINGTON (AP) — Rep. James D. Weaver, R-Pa., announced Wednesday for re-election.

Weaver, from Erie, was elected to the House in 1962. His congressional district includes Crawford, Mercer and Erie Counties.

Court Rules Frail Father Not Guilty Of Obstructing

GALLUP, N.M. (AP) — Marcus Lazarus, 69, and his daughter, Carol Mae, 24, a chemical engineer at Warren, Pa., were on their way home today after recovering \$110 of a \$140 traffic fine assessed against them last summer.

Gallup defense attorney Richard McDermott said the father and daughter were satisfied with the court action and felt it was worth the 4,000-mile \$250 round trip by train.

"We made the trip as a matter of principle," Carol said earlier.

UPHOLDS SPEEDING CHARGE

Dist. Court Judge Frank Zinn upheld Justice of the Peace Ben Thomas of Gamarco on a speeding charge against Miss Lazarus but overruled an obstructing an officer charge against her father.

"It seemed that was the most important part," McDermott said. "They felt it was terrible for a 69-year-old man to have been arrested once in his life and then be charged with obstructing an officer."

WEIGHS 100 POUNDS

Lazarus, a retired wholesale paper dealer in Erie, stands 5-feet tall, and weighs about 100 pounds compared to the officer he was charged with obstructing, state policeman Don Moberly, a 6-foot-6, 250-pounder.

Judge Zinn said in overturning the peace justice's decision that obstructing an officer must be deliberate action, and Lazarus reacted as a father.

Moberly stopped the Lazarus car for speeding near Gallup on U.S. 66. The family, enroute from California to their home after a summer vacation, was taken to the peace justice. He was out and after waiting 20 minutes, Miss Lazarus attempted to drive away.

TRYED TO TAKE KEYS

Moberly tried to take the keys from the car and Lazarus blocked the officer from getting the keys.

URGE BARRY TO STAY IN SENATE RACE

By WALTER R. MEARS
WASHINGTON (AP) — Sen. Barry Goldwater's draft number may come up again this time with supporters of the Arizonan urging him to run for re-election to the Senate even if he becomes the Republican presidential nominee.

With Goldwater in the race for the GOP nomination, the draft organization that spent nine months urging him to seek the presidency has gone out of business.

There's talk today of another draft-style movement to provide some insurance against an unsuccessful bid for the White House next November.

"NOTHING ORGANIZED"

The Rev. Milton A. Galamison, director of the planned boycott, listed these as Chicago, Atlanta, Cleveland, Boston and Chester, Pa.

Civil rights leaders are backing the boycott as part of their efforts to achieve better racial balance in the city's public schools.

Galamison said he also had heard that boycotts might develop in Wilmington, Del.; Hartford, Conn.; Indianapolis and Gary, Ind.; Cambridge, Md., and Philadelphia.

All of the demonstrations are expected to last only one day to show Negro impatience over school integration delays, he said.

Dates for the demonstrations outside of New York have not been set yet.

PARIS (AP) — Canadian Prime Minister Lester B. Pearson arrived Wednesday for an official three-day visit designed to broaden political, economic and cultural ties between Canada and France.

Canada wants increased trade with France and easier access for farm exports to the six-nation European Common Market.

Emmitsburg

MRS. RALPH LONG
MI 7-2231

EMMITSBURG — Robert Kerigan, Philadelphia, is visiting his sister and brother, Mrs. O. H. Stinson and J. Ward Kerigan.

Mr. and Mrs. William Hopkins and daughter, Kim, of York, spent the weekend with Mrs. Hopkins' parents, Mr. and Mrs. Clarence Wachter.

Visitors during the weekend at the home of Mrs. Clarence Sanders included Allen Sanders, Bethesda, and Mrs. Emma Lawless, Philadelphia.

Harry Ashbaugh and daughter, Chery, Wheaton, Md., visited during the weekend with his mother, Mrs. George Ashbaugh.

Miss Judy Keilholz, Baltimore, spent the weekend with her parents, Mr. and Mrs. Clifford Keilholz.

St. Joseph's Church will conduct a mission beginning Sunday and ending February 1.

Rev. Donald Knox and Rev. Edward Giese, St. Vincent's Seminary, Germantown, will be the speakers the week of Jan. 19-25 devoted to the women and Jan. 26 to Feb. 1, for the men of the parish. The hours of the services will be announced at stock later.

Goldwater has not said what he will do about the Senate race if he wins the presidential nomination at the San Francisco convention opening next July 13.

He has said he will file for re-election to the Senate. The deadline is July 10, and it would be foolish not to, Goldwater said.

CAN SEEK BOTH

Goldwater has the assurance of Arizona Atty. Gen. Robert Pickrell that he could run for both president and senator.

But he says his inclination is against that strategy. "My feelings are against running for two jobs," Goldwater said in opening his campaign for the New Hampshire presidential primary.

Goldwater added, however, that Arizona supporters could take the matter out of his hands even if he withdrew from the Senate race.

"We don't need him — we're

14 Injured In Hotel Blaze

SARANAC LAKE, N.Y. (AP)

Authorities sought today to confirm a report that a furnace explosion caused the fire that raced through the five-story Hotel St. Regis here, dealing injuries to at least 14 persons—including some guests who leaped from windows.

Two guests were in fair condition with back injuries at Saranac Lake General Hospital. Others, less seriously injured, were treated at the Will Rogers Memorial Hospital.

The fire started Tuesday in the lower part of the building and quickly moved to block exits.

Most of the injured suffered from smoke inhalation, minor burns, cuts and shock. The majority live in this Adirondack resort.

Police Chief William Wallace estimated the hotel loss at \$200,000 "at least and possibly more."

not investigating senators," Jordon told newsmen Tuesday.

The committee was told Monday that Baker and Scott I. Foy, former administrative assistant to Smathers, had an interest with the senator in a real estate venture in Florida.

Case History Of A Bachelor

Girls Too Many, Too Eager

you haven't made a move in six or seven dates, they want to get on to a new more promising romance."

Bernie lives with an affectionate family, good dinners, pleasant evenings and "magic drawer" drawers that never run out of clean shirts." Perhaps if he inhabited a lonely apartment, he'd be more vulnerable to the "let-me-cook-dinner-for-you" routine.

SPOILED A LITTLE

Yes, this pleasant home situation has spoiled him a little. Bernie admits. But with it he was able to work for experience instead of money, and to jobshop, which he might not have had the nerve to do with a landlord to face regularly.

As it was, after receiving his B.A. degree Bernie judiciously moved from accounting to real estate, to law, to show business management. Today a successful show business public relations firm provides Bernie with an ample income, and a great deal of prestige in his field.

"If I had made this kind of money when I was younger, I would have married, I'm sure," he says in retrospect. "But I temperature, so plan ahead!"

wanted to be able to afford the responsibility. I don't go for that struggle-together routine. I'm convinced that without money, love flies out the window."

RAISED HIS SIGHTS

The main trouble is that the candid young bachelor has gradually raised his sights. What was good enough for Bernie yesterday is not today. And that goes for girls, too.

"The girls you date get younger because those your own age have married, and if they haven't you wonder, 'Why not?'" just as they wonder about you.

"The younger girls prefer older men because you can take them to better places than those their age. What makes choosing in this age group difficult is that you don't want a toy. It's unfair but you want her to be as well-read, as good at conversing and as mature as you are, even though she hasn't had the years for it."

Bernie keeps looking.

It's best to thaw frozen duck, chicken or turkey in the refrigerator rather than at room

FARM SHOW'S SPOTLIGHT ON YOUNG PEOPLE

HARRISBURG (AP) — The boys and girls who will run Pennsylvania's farms of tomorrow moved into the spotlight Wednesday at the State Farm Show.

The Future Farmers and Future Homemakers of America sent thousands of youngsters to Pennsylvania's winter wonderland of agriculture after morning meetings to hand out achievement awards.

50,000 ON TUESDAY

An estimated 50,000 persons toured the 14-acres of Farm Show Buildings Tuesday—about half the normal crowd, but far better than Monday's opening turnout of only 15,000.

Snow drifts on the large parking lot behind the buildings and snow-covered roads leading to the show area tended to keep the crowd down despite sunny skies.

Show officials sought desperately to contract for private snow plows to help with the clearance problem, which strained the efforts of the show's three plows.

PREPARE FOR CROWDS

Private crews were assigned Tuesday night as they came off of other contract duties.

"We are determined to have everything ready to handle our customary high Wednesday crowds," said Leland H. Bull, agriculture secretary.

There was plenty of activity for those able to make their way to the show grounds.

Judging continued in dairy cattle, sheep and swine competition and in other categories as well. Only a few exhibitors were unable to attend because of the travel situation.

H. Wayne Lock of Lemasters, Franklin County, showed a three-year-old female to the Holstein cow grand championship.

PFA BAND CONCERT

A bull owned jointly by Lock and Ray H. Smith, also of Lemasters, was declared the grand champion Holstein male.

The reserve champion Holstein cow, also the grand champion 4-H female, was shown by William Fairchild of Berwick R. 2, Columbia County.

Tuesday night's entertainment program included a concert by the Future Farmers of America band and a folk dance festival and contest in the large arena.

NEW MASTER FARMERS

At one of the many farm organization meeting held in connection with the show, six Pennsylvanians were named master farmers for outstanding agricultural achievements. They were:

Ralph W. Tyson, Gardners R. 2, Adams County; William R. Myer, Myerstown R. 1, Berks County; J. Raymond Simpson, Butler R. 4; Joseph R. Hartle, Bellefonte R. 1; Samuel H. Cohick, Newville R. 2, and Edwin J. Gum, Pen Argyl R. 1, Northampton County.

CAPTAIN DIES FIGHTING FIRE

CAMDEN, N.J. (AP) — A fire captain died and two firemen suffered smoke inhalation as they battled a stubborn fire in sub-freezing temperatures Tuesday night.

The two-alarm fire wrecked about half a block of stores on the west side of Broadway between Chestnut and Sycamore Streets. It burned out of control for more than four hours.

The blaze was in the basement of the Walmart Tailors Co., in a three-story brick building.

ARTHRITIS

PAINS GONE—NO MORE STIFFNESS

Remarkable discovery. Minerals in liquid form. No laxative effect. Not a drug.

Thousands of sufferers of arthritis like pains and stiffness rely on Crown-Hill Farms Mineral Water—Why not write for full details today?

Crown-Hill Laboratories of Penna., Inc., R. 2, Tunkhannock, Pa.

Seven persons living in apartments above the store were routed by policemen, who raced through the halls pounding on doors to make sure everyone got out.

WATER DAMAGE

Other shops and stores were wrecked by the flames and a nearby bargain store was damaged by smoke and water.

Capt. Leonard Iannelli, 41, collapsed on the street while directing the work of Fire Truck No. 2. He was later pronounced dead, apparently a heart attack victim.

Treated at hospitals for smoke inhalation were District Chief Frank Deal, 35, and fireman John Yates, 63.

Cause of the fire is under investigation. There was no estimate of the damage.

Reds Need Western Credit To Speed Economic Growth

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Washington is talking up another gap between the United States and the Soviet Union. This one is economic.

And the Central Intelligence Agency says that the gap between the two economies is much wider and more to our advantage than many Americans had been led to believe. CIA VIEW

The CIA view is that the Soviet economy is badly in need of assistance from the West and largely on a credit basis.

Many American businessmen have industrial goods they'd like to sell the Soviets, if Washington permitted; and many consumer items they'd like to sell, if Moscow would allow it. But the CIA adds that Moscow hasn't as much gold to pay for such trade as had generally been assumed.

U. S. DEFENSES AHEAD

Previously Americans have worried about a possible missile gap, but of late have been assured that U.S. defenses are far ahead.

U.S. trade with the Soviet Union is currently being increased by contracts for sale of surplus wheat and other grains. Otherwise it doesn't amount to much, either in volume or in percentage of U.S. foreign trade.

Western Europe's trade with the East is larger. And it is growing, despite the frowns of Washington on some of the items the West is furnishing. In return, Europe is taking Soviet oil, to the distress of American oil companies and of State Department officials who see it as beefing up a faltering Communist economy. The Soviet Union will soon have a pipeline delivering its oil to the edge of the Iron Curtain.

GROWTH SLOW

The comforting word on how much better the American economy is doing than the Soviet's is spelled out in figures by the CIA. It says that in the last two years the Soviet economic growth has been less than 2.5 per cent annually.

Despite all the worrying about it, the U.S. economic growth has been well above that and currently is put as high as 5 per cent on an annual basis.

Moscow's gold reserves go unreported officially. American experts have estimated them as high as \$4 billion. But the CIA says they've fallen below \$2 billion since Moscow started selling in volume to raise foreign currency for purchase of wheat.

and other needed commodities. SEE REFUSALS

American businessmen regard the CIA estimates as largely aimed at trying to discourage Europeans from extending credit to the hard-pressed Communists. But they also see it as perhaps a forewarning of future refusals of Washington to permit extended trade here with the Soviets, who might be wanting chemical plants or fertilizer among other things.

In 1962 our exports to the U.S.S.R. totalled \$15.3 million out of \$20.5 billion for all exports; and imports \$16.2 million out of \$16.1 billion. The wheat deals will raise the figures this year.

But businessmen hoping to follow up the wheat exports with sales of more American goods apparently will still face tough Washington restrictions on just what can be sold, and discouragement on granting credit.

Highlights On Farm Show

HARRISBURG (AP) — Former President Dwight D. Eisenhower won six ribbons in Angus beef cattle competition at the Pennsylvania State Farm Show Wednesday.

Eisenhower, a perennial winner at the show, breeds Angus cattle on his farm near Gettysburg. He is not attending the show because he is on vacation in Southern California.

"Elaine Erica" won the senior and grand championships for females. Other Eisenhower winners were: heifer calf champion, Blackcap Bessie; reserve senior champion, Jilt, and reserve junior champion, Baroda.

Five more calves were born in the dairy barn Wednesday, raising to six the number delivered during the week-long farm show.

A three-year-old cow born at the 1961 show returned to win a ribbon at the current show. The brown Swiss owned by Edwin Allmendinger of Pleasant Valley Farms, Bucks County, was first among two to three-year-old milkers in her class.

Mrs. Paul Walters of Selinsgrove R. 2, Snyder County, won 15 of the top placings for her entries in the clothing open classes at the State Farm Show.

CBS TO RESUME AUDITIONS FOR NEW TALENT

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Do you sing, dance, tell jokes or walk a slack wire? Are you a riot at parties? Do your friends all tell you that you should be on television?

This then may be your big chance. CBS announced Wednesday that it would soon resume regular auditions for variety show talent.

The auditions were stopped five or six years back, but from them emerged several bright stars, including Carol Burnett, Don Knotts and George Gobel.

Vice President Michael Dann, announcing the project, said the auditions would be held in New York and attended by producers of all the network variety shows made in Hollywood and the East.

PROGRAMS ON CUBA

NBC, after two postponements now plans to broadcast two related "White Paper" programs about the Cuban situation on Feb. 4 and Feb. 9. The repeated shifts in the scheduling documentary specials—one on the ill-fated Bay of Pigs invasion and the second on the missile crisis—were caused by the death of President Kennedy. The administration policy during the period is subjected to

It was the second straight year she outranked all competition.

First place in the dairy barn good housekeeping competition was won by the Harley Brothers, Boyertown, Berks County.

The Pennsylvania Society of Farm Women awarded two \$150 college scholarships at its 45th annual meeting at the farm show. The winners were Sandra Paschall of Kennett Square R. 1, Chester County and Lynda Pyle, Jefferson R. 1, Greene County.

Thirty-eight students from Philadelphia's High School of Agriculture and Horticulture visited the farm show. They were accompanied by James Robison, a teacher in charge of agronomy and farm machinery at the school, which is believed unique in a major metropolitan area.

Richard G. Smith, 17, of Shippensburg, Cumberland County, and Judy Chronister, 19, of York R. 7, were named as Pennsylvania's Holstein boy and girl.

pro and con analysis. BONANZA ROMANCE

While there has been considerable speculation about whether "Bonanza's" Adam would wind up marrying a comely widow woman, this is a highly unlikely turn of events. The romance was written into the NBC hit as a device to write the character out of the series at a time when co-star Pernell Roberts was unhappy with his lot.

At the time they were plan-

ning to bring in another regular character who would play Ben Cartwright's younger brother.

Now Roberts is going to stay and the "younger brother" has become a cousin—and will turn up in only a few episodes. And the romance will be but a passing fancy.

Recommended tonight: Suspense Theater, NBC, 10-11 (Eastern Standard Time) —

"Who Is Jennifer?" with Gloria Swanson playing a widow sus-

pected of murdering her daughter.

HONORARY MEMBER

HARRISBURG (AP) — Elvin Kunsman, superintendent of Schuylkill County Schools, Pottsville, was awarded an honorary membership in the Future Homemakers of America at the State Farm Show Wednesday.

The United States exported \$5.1 billion in farm products in 1962.

FOGEL NAMED

HARRISBURG (AP) — Herbert A. Fogel of Philadelphia is the new general counsel for the Harness Racing Commission, succeeding Harry L. Rossi, who resigned. Fogel was named to the state post Wednesday at an annual salary of \$9,454.

Abandon Crossing Where 20 Perished

LA SALLE, Colo. (AP) — A grade crossing where 20 children died in a train-school bus collision in December 1961 will be closed.

The Colorado Public Utilities Commission gave the Union Pacific Railroad permission Wednesday to abandon the crossing, several miles northeast of La Salle. A flashing signal will be installed at a new crossing a quarter mile away.
